support and leadership.

Thank you for all you've done
in helping us with having a
successful year!

Sincerely,
Imo N. Taylor

To Those Who Labor With Great Diligence and a High Measure of Effectiveness.....

The world has with quiet consistency taken the time to honor its gifted inhabitants. For these are the Rhodes Scholars, Phi Delta Kappas, Noble Prize Winners - to enumerate some of the more revered accolades of merits.

Ricker Middle School in like-fashion, chooses to recognize those who labor with senseless diligence in the areas of academics, sports, art, humanities, technology and community service.

These young people have clearly brought about a fusion of great capability with a rare zealousness to excel. It is the apparent strive for excellence that has earned for them a position of elevated esteem in the hearts and loyalties of their fellow teachers and classmates.

It is in recognition of the splendid and scholarly pursuit of excellence by these educators, community leaders, parents, Board of Education members, Superintendent and most of all the students, that I dedicate the following pages.
